

REGISTER YOUR SCHOOL FOR

CONTINUOUS PROFESSIONAL DEVELOPMENT

Face to face workshops in your school or live online through Zoom

NEW

Whole staff CPD workshops are now available as part of the SFI Discover Primary Science & Maths (DPSM) programme and the European Space Education Resource Office (ESERO Ireland).

Register your school today for your series of **three 2 hour workshops** for your staff, with a minimum of 10 teachers participating (small schools can partner with other schools).

These workshops can be organised as part of your "Croke Park" hours.

"As a staff we found the workshops extremely engaging, informative and enjoyable."
Principal

100%

principals report **positive impact** in confidence and overall change in approach to **science teaching**

77%

teachers report that participating in the CPD programme had **changed the way they teach science**

64%

teachers report that this was their **first science CPD** since they started teaching

For more information, including commitment requirements and registration go to:

www.primaryscience.ie

100 schools which meet the commitment requirements will be accepted on a first-come, first-served basis.

NEW

CPD Workshops 2020/21

Our free CPD workshops will cover a wide range of topics across three sessions.

- ▶ **Workshop 1: Birds, Trees, Bees and Seasons. Topic - Biodiversity**
- ▶ **Workshop 2: Investigating Hot & Cold. Topic - Insulation and Materials**
- ▶ **Workshop 3: Journey into Space. Topic - Rockets and Space Travel**

Following the workshops, participate in the programme evaluation and the SFI Discover Science and Maths Awards.

This initiative supports the enhancing of teacher capacity as outlined in Pillar 2 of the STEM Education Policy Statement.

"I thoroughly enjoyed the DPSM workshops. I learned loads and the workshops increased my confidence to teaching science using inquiry."
Teacher

"These workshops have provided me with an abundance of ideas for exciting lessons and I feel much more confident about teaching science."
Teacher

"The children are more confident to figure things out for themselves and not being told by the teachers."
Teacher

If you enjoyed our CPD keep an eye on our website for summer courses
